APPLICATION FOR PROJECT MODIFICATION/AMENDMENT

For Stormwater Projects

This form shall be used to request approval of minor modifications to: (a) project design or operation; (b) the conditions of a permit as previously approved by the Board or Department of Environmental Protection; or (c) increases in impervious area less than 20,000 square feet. There is no fee for a stormwater minor modification.

This form is also used to amend an existing approval under the Stormwater Management Law. An amendment consists of adding impervious area in excess of 20,000 square feet. The fee for a stormwater amendment is one half the licensing fee plus one half processing fee plus one half the licensing fee and one half the processing fee for each additional acre. Attached to the back of this form you will find the fee schedule which will help you determine the correct fee. The fee (check payable to Treasurer, State of Maine) is required at the time of application submittal. Depending on the degree of review required, additional fees may be assessed. The Department will bill you if additional fees are needed.

If significant changes are proposed, then a complete new application may be required by the Department.
